

YAZOO DELTA IS FLOODED

Stream of Sixteen Feet Pouring Through Bad Crevasse.

ROAR OF RUSHING WATER

Mighty Effort Made to Check the Flood by Cribbing and Sacking, but It Was Beyond Human Power to Stem the Current.

(Special to The Times-Dispatch.) GREENVILLE, MISS., March 27.—A stream of water sixteen feet deep is pouring steadily through a crevasse in the levee seven miles south of here, and is overflowing the farming land in the celebrated Yazoo Delta. The break in the levee occurred at 10 o'clock this morning and the roar of rushing water can easily be heard in Greenville. Only two hundred feet of the embankment gave way at first, and a mighty effort was made by hundreds of laborers in Bogart and Bogart, to check the rushing flood by cribbing and sacking, but it was soon apparent that it was beyond human power successfully to combat the relentless fury of the current. An hour later it was seen that the ends of the levee on either side of the crevasse were melting fast, the force of the current cutting the embankment away as though it was built of sand. To-night the back water has reached this city, but it is believed there is no danger from the flood, as the water will pass rapidly to the southward. Major John M. Seay, who has charge of the government of the levee, in the absence of Captain Pott, who is on duty at the levee, in an interview to-night stated that unquestionably the break is the worst of the levee system. He thinks the district around Vicksburg will be inundated and the fine farming lands in Bogart and Bogart, which are the best in the world, will be lost. The people were fully prepared for a break and the loss, if any, would be reduced to a minimum. Another break on the Mississippi side is reported in the Alabama levee in lower Innesville, county.

WORKING HARD TO CLOSE THE BREAK

(By Associated Press.) NEW ORLEANS, La., March 27.—Interest in the flood situation centers at Hymalla, near Vicksburg, Louisiana, forty miles above the city, and the disastrous crevasse reported south of Greenville. Cotton men feel especial concern with respect to the latter, and the announcement in private dispatches which were circulated on the Cotton Exchange that 100,000 acres of the richest delta land would probably go under water, created a feeling of depression. While doubtless this caused a decline in the river in the vicinity of Greenville, and for a considerable distance above and below that point, the day's developments at Hymalla give much encouragement. Through the co-operation of the Lafourcade Levee Board, the railroads affected, the government engineers and the planters, large quantities of material and forces of men were gotten to the scene soon after daylight. Under the experienced crevasse fighters seven hundred laborers were put to work early in the forenoon and a line of cribbing was built on each side of the break. If the work is not interrupted by wind or rain, sacking is likely to begin to-morrow, and the break closed by Sunday. The upper levee is holding and the back water from the lower is slow. The width of the crevasse is between 150 and 200 feet. A large area of land is already submerged, but if the efforts of the forces at work are successful, the water will quickly drain from the crevasse in the heart of one of the richest sugar districts of Louisiana. It is said at the Illinois Central office that the traffic over the Mississippi Valley will be suspended as a result of the disaster south of Greenville. The belief that Hymalla levee was cut is strong. It resulted in increased violence along the levees of Pontchartrain and Lafourcade, and any attempt to repeat the action at Hymalla will probably be followed by bloodshed if the perpetrators are caught. The effect here is only slightly appreciable. Weather observers here, however, expect a decline by morning if the volume of water going through at Hymalla is as large as reported. At one time to-day the gauge marked as high as 35.5, but to-night the river had gone back to 32.5, a net decline of one-tenth from yesterday. The Weather Bureau expects the upward movement to be resumed if the work at Hymalla is successful and under these circumstances sticks to its prediction of 2 feet.

The New Orleans Levee Board continues its patrol along the river front. The work of strengthening moves forward without abatement.

LARGE PROPERTY DEAL

Pennsylvania Capitalists Secure Plants at Hinton, Va. (Special to The Times-Dispatch.) HINTON, VA., March 26.—It has now developed that the Hinton Water-Works Company and the Hinton Light and Ice and Fuel Company have changed hands, to take effect April 1, 1908. Through his keen observation and artistic work, Chesapeake and Ohio Line-man R. H. Peterson, of this city, secured options on the properties above mentioned, and succeeded in interesting Pennsylvania capitalists who arrived in the city a few days ago, accompanied by special attorney, and by the aid of Attorneys Miller and Read, of this city, closed the deal, and now Messrs. O. M. Lane, T. P. Hymall and H. G. Markey are owners of these properties, and Mr. Peterson has been chosen and appointed general manager of the properties.

CAMP NOT TO GIVE A CENT

Body Voted Against Appropriation of \$1,000.

IT WAS A FINE MEETING

Speeches for and Against Were Full of Life—Brought Out Many Who Rarely Attend—Private Subscriptions Made.

R. E. Lee Camp, Confederate Veterans, after a full discussion lasting nearly two hours, declined by a close vote to make the appropriation of \$1,000 for the transportation of its members to the New Orleans reunion. The meeting was one of the most largely attended in the history of the organization.

When the officer of the day had counted those who stood signifying by that act that they favored the appropriation, and then those who stood as opposing such use of the general funds of the camp, the result was found to be 49 favoring and 53 opposing the proposed expenditure. Major Pegram, Mr. Newton and Colonel John B. Purcell were against it. Colonel Purcell made an exceptionally eloquent and effective argument against the appropriation on the ground that crippled soldiers were knocking at the doors of the soldiers' homes, and that the doors had to remain closed to them, as there was no money to support them. It is understood that several wealthy members of Lee Camp will make private subscriptions to a fund to send a large delegation to the reunion, and the promise of \$1,000 was said to have been made last night.

Dr. Froehling, of this city, has analyzed the dirt, finding 131 worth of the yellow metal to the ton, which is considered excellent.

NEW POST A YEAR WAS USHERED IN

A Happy Assemblage at the T. P. A. Headquarters

Last Evening.

The Travelers' Protective Association, with their friends, were a happy set last night at Post A headquarters. The new "Post A" year was ushered in with a unique musical and sociable. The Ladies' Auxiliary, composed of the following ladies, were the hostesses: Mrs. C. W. Saunders, Mrs. Arthur B. Clarke, Mrs. T. B. Johnson, Mrs. D. S. Harwood, Mrs. Horace P. Smith, Mrs. R. S. Crump, Mrs. George Hunter, Mrs. R. H. Hutcherson, Mrs. Marion Chalkley, Mrs. W. T. Moulton, Mrs. Joseph Wallerstein, Mrs. J. H. Capers, Mrs. George A. Minor, Miss Kate Turpin, Miss S. Weisiger and Miss Ella Gibson, who, with their accustomed graces, made the occasion very pleasant for the guests, especially as to the refreshments and other propitiations. Colonel John S. Harwood introduced Post A's new president, Mr. H. A. Gillis, who, after thanking the association for the honor conferred upon him in choosing him for the coming year, outlined the work for the coming year, and urged upon all to assist in furthering the work of this business and fraternal organization, which has done so much for Richmond.

Brief addresses were made by Messrs. Horace Smith, J. E. Lorraine, and C. W. Saunders. Singing, which added so much to making the evening enjoyable, was interspersed at intervals by the Virginia Glee Club, composed of W. A. Walker, first tenor; J. T. Tilton, second tenor; J. B. White, first bass; J. P. White, second bass; Jeter Jones, manager; and the First Presbyterian Quartette—Mrs. Walter Mace, soprano; Mrs. E. H. Clowes, alto; Mr. E. H. Clowes, tenor; Reginald Walker, organist. Then the solo by Frank Cunningham, enjoyed by many, was also a happy feature of the occasion. The instrumental music by the Toney Miller Trio, consisting of himself, Collin Neill and W. L. Shaw, was the company and spirited. Visitors from other cities were present, and left with high praises of the thorough manner in which Post A managed the entertainment.

MORE INDICTMENTS AGAINST DR. FLOWER

(By Associated Press.) NEW YORK, March 27.—Four additional indictments, charging Dr. Richard C. Flower with larceny, were reported by the grand jury to-day. The new indictments were on the complaint of Mr. Christian National Bank, who claims that he was defrauded of \$1,500 by Dr. Flower. Dr. Flower, who says he was defrauded of \$120,000 by Justice Greenbaum, ordered Dr. Flower's bail reduced to \$5,000.

Matinee and Evening Performances to Close the "Market."
There was another large and delightful audience last night at the Mother Goose Market, being given by the Cavalry Army on North Seventh Street, for the benefit of the Richmond Baptist Church. The programme was an attractive one and every feature was well carried out. This novel entertainment will close to-day with matinee and evening performances. The matinee at 2:30 is designed especially for the children. There will be a varied programme to-night.

Two Killed by an Explosion.

(Special to The Times-Dispatch.) SUFOLK, VA., March 27.—Yesterday in Southampton county, Va., a ground 600-mill boiler exploded and the pieces were carried a long distance. Tony Griffin, the proprietor, and William Scott, colored, an employe, were blown about ninety feet and killed. The boiler was an old one. The men were badly mutilated. Griffin leaves a family.

OSTEOPATHS DEFEATED

House Committee Reports Against Them.

LONG SESSIONS HELD

Body Hears Testimony in Morning and Argument in the Evening—Bill Is Favorably Reported to the House.

The Committee on General Laws of the House held two prolonged sessions yesterday in the hall of the House of Delegates, having under consideration the clause of the Harvie bill relating to Christian Scientists. A large number of ladies and gentlemen professing Christian Science were present, but the testimony of Miss Lucille La Verne, the actress, was the leading feature of the occasion. Miss La Verne is decidedly bright and ready of repartee, and when Dr. Gordon took her in charge for cross-examination there was a very peppery and, at times, amusing exchange of wit. Miss La Verne also declared to report the bill in Chicago and he in St. Louis, by means of absent treatment. The committee met again last night and heard argument on the bill. Drs. Johnston and Gordon appeared for the bill and Messrs. Hill, Montague and Jeffries against it, and in executive session the committee decided to report the bill favorably. This means that all osteopaths, Christian Scientists and healers, save those now in practice in Virginia, shall be required to stand the examination prescribed by the regular medical profession.

ROBIN HOOD WELL SUNG

The Bostonians Score a Success in This Opera.

The Robin Hood performance last night at the Academy is quite the best thing the Bostonians have done here. This charming work, which is not only the best comic opera produced in this country, but also the most successful musical piece on the English-speaking stage, was sung with great spirit, and the representation was in every way satisfactory. Scarcely the production was admirable and the costumes were very beautiful. There was a large attendance. With the old favorites, Henry Clay Barnabee, as the sheriff of Nottingham; J. J. MacDonald, as Little John, and George Forthingham, as Friar Tuck, in the cast, the best results might have been expected. Grace Van Studdford makes a delightful Maid Marian. William C. Vaden, the Robin Hood, sings with fluency, good dramatic instinct, and the range of his voice satisfies easily the demands of the score. Howard Chambers, the Will Scarlet, has a voice of excellent quality. "Robin Hood" will be repeated at the matinee this afternoon, and to-night the sequel, "Maid Marian," will be given for the first time in this city.

AMERICAN BEATEN AND ROBBED IN PARIS

(By Associated Press.) PARIS, March 27.—The Comptons this afternoon says a wealthy American, whose name is not given, has been the victim of a sensational assault and robbery here. He was induced, according to the paper mentioned, to visit quarters by parties who represented themselves as dealers in antiquities. There the American was set upon, badly choked and robbed of a pocketbook containing \$500 and of four valuable rings, his watch and other jewelry.

WILL BE PROMOTED AND THEN RETIRED

(By Associated Press.) WASHINGTON, D. C., March 27.—It was announced at the War Department to-day that the following officers of the army would be promoted and then retired with the grade of brigadier-general upon the retirement of Brigadier-General R. H. Higness, April 11th, when Brigadier-General J. F. Wade will be promoted to the grade of major-general: Colonel W. P. Rogers, Thirtieth Infantry; Colonel J. E. Myrick, artillery corps; Colonel J. B. Rawles, artillery corps; Colonel T. A. Baldwin, Seventh Cavalry.

Thirty-six years of continuous success

Just think what that means. Thirty-six years in business, each year more successful than the previous one, with never a backward movement, constantly growing larger, ever increasing in popularity. How many concerns in this country have such a proud record? How many that were doing business thirty-six years ago are even in existence to-day? Very few. But thirty-six years of continuous success and still growing larger. The reason is this: We have been successful in just this way. By selling absolutely pure whiskey, direct from our own distillery to the consumer, with all its original richness and flavor, saving him the enormous profits of the dealers, and by carrying out to the letter every claim, major or other that we make, thereby creating a confidence with our over a quarter of a million satisfied customers that cannot be broken.

FATHER AND SON WERE BOTH KILLED

Desperate Affray Between North Carolina Citizens and Tennessee Constabulary.

(By Associated Press.) KNOXVILLE, TENN., March 27.—A desperate affray between citizens of North Carolina and the constabulary of Tennessee occurred to-day, thirty miles from Madisonville, on the Tennessee-Carolina line, resulting in the death of James Flower and John Flower, his son. The affair grew out of a dispute over

Hard on the Judge.
The New Curtis Record is disposed to be very decided in its opinion of the Campbell case. It says:
The committee of thirteen who investigated the case of Judge Campbell unanimously found him guilty. Many men have received harsher verdicts from twelve jurors, but the judge had thirteen able, fair and conservative men on his jury. The number is unlucky, but all the same the evidence fully and abundantly warrants the speedy removal of the obstinate judge. Nature will be so kind to lower and bring into disrepute the judiciary of this State as the failure to remove this guilty man from the office he has brought into disgrace. Some judges have been impeached for less offenses.

AT NEW JERSEY.—C. A. SPIERS will preach, Subject at 11 A. M., "The Power of the Resurrection." At 8 P. M., "Paul and Swedenborg." All welcome.

the ownership and location of land. Washington Altman, who occupied the land, claimed it on the ground that it lay in Tennessee, and the Flowers claimed it was in North Carolina. Yesterday the two Flowers, supported by other sons, forcibly ejected Altman from the land. Altman swore out warrants for the four men, and a posse of constabulary, headed by Horace Witt, endeavored to serve the warrants. The Flowers, who had entrenched themselves, defied arrest. This morning, while two of the Flowers were gone after supplies, an attack was made on the father and son, and in the melee which followed both were killed. The posse escaping without injuries.
